

DHRUV SHAH

ASSISTANT PROFESSOR & CLOUD TECHNOLOGIES RESEARCHER

Location: Bhavnagar, India | **Phone:** +91 9499726372 | **Email:** dhruvshah7779@gmail.com
LinkedIn: [linkedin.com/in/prof-dhruv](https://www.linkedin.com/in/prof-dhruv) | **GitHub:** github.com/Dhruv-79 | **ORCID:** 0009-0004-5374-4561

ACADEMIC & PROFESSIONAL PROFILE

Highly motivated and tech-savvy academic professional and researcher with a robust foundation in Cloud Technologies, Distributed Systems, and Software Engineering. Possesses extensive hands-on expertise in Python, Java, AWS, and MySQL, with research interest centered on scalable cloud infrastructure, machine learning applications, and educational technology frameworks. Demonstrated excellence in academic leadership, curriculum coordination, large-scale examination management, and institutional tech adoption.

ACADEMIC & PROFESSIONAL EXPERIENCE

Chandigarh University

07/2025 – Present | Chandigarh, India

Assistant Professor & Exam Coordinator

- Exam Administration & Planning:** Spearheaded the end-to-end planning and execution of semester internal examinations for a cohort exceeding 1,000 students.
- Faculty Coordination:** Coordinated across 150+ faculty members to guarantee 100% on-time question paper submissions and optimized invigilation scheduling.
- Institutional Compliance:** Maintained 100% adherence to institutional examination policies through accurate record management and streamlined result processing workflows.

Parul University

08/2024 – 06/2025 | Vadodara, India

Assistant Professor & Multi-Institutional Coordinator

- Internal Exam Coordinator:** Managed 5 internal examination cycles per semester for 300+ students, leading 70+ faculty members to achieve 100% policy compliance and scheduling efficiency.
- PULMS (LMS) Coordinator:** Directed system operations and administration for the Learning Management System serving 2,000+ students and 70+ faculty. Resolved 50+ technical queries with a 95% satisfaction rate and boosted overall LMS adoption by 35%.
- ICT Coordinator:** Integrated and deployed 10+ digital teaching platforms. Conducted institutional faculty development sessions, escalating digital tool utilization across courses by 30%.
- Cultural & Event Logistics (DHOOM Coordinator):** Directed logistics and team workflows for "DHOOM", a major institutional cultural fest impacting 500+ students over 3 days with flawless execution.

Ordex Technology & Solution

01/2024 – 06/2024 | Ahmedabad, India

Software Engineering Intern

- Java Enterprise Development:** Developed and maintained backend Java application modules supporting platforms with over 1,000 active client end-users.
- System Maintenance & Optimization:** Diagnosed and resolved critical software bugs, conducted root-cause analysis, and optimized system performance and application stability.

PATENTS & INTELLECTUAL PROPERTY

Machine Learning-Based Heart Disease Detection Device

Granted: 25/06/2025

Co-Inventor | The Patent Office, Government of India — *Design No.: 450150-001 (Designs Act, 2000)*

- Contributed to system design, sensor integration, user interface design for clinical environments, and aligning machine learning model outputs with diagnostic workflows in healthcare settings.

AI-Based Device for Online Assessment

Granted: 21/03/2025

Co-Inventor | The Patent Office, Government of India — Design No.: 452334-001 (Designs Act, 2000)

- Designed functional system architecture focused on UI/UX integration for automated assessment workflows, data integrity protection, and large-scale educational technology deployment.

Agricultural Crop Monitoring Device

Registered

Co-Inventor | The Patent Office, Government of India — Design No.: 484755-001 (Designs Act, 2000)

- Engineered functional system architecture integrating smart field-level monitoring components to enhance precision agriculture workflows, crop health telemetry, and farmer usability.

SCHOLARLY PUBLICATIONS

An AI-Powered Framework for Skill Assessment and Personalized Career Pathway Recommendation in STEM and Coding Courses for High School Students: A Systematic Literature Review

International Journal of Environmental Sciences (2025)

- Synthesized current AI applications in secondary STEM/coding education, detailing novel methodologies for automated skill evaluation and algorithmic career path modeling.

EDUCATION

Master of Computer Applications (MCA)

09/2022 – 04/2024

Gujarat Technological University | CGPA: 8.27 / 10.0

Ahmedabad, India

Core Coursework: Cloud Computing, Big Data, Software Development, Advanced Algorithms, Java Enterprise, Python Development.

Bachelor of Computer Applications (BCA)

06/2019 – 04/2022

Sardar Patel University | CGPA: 8.10 / 10.0

Anand, India

Core Coursework: C Programming, Java, Data Structures & Algorithms, JDBC, PHP Web Development.

TECHNICAL & PEDAGOGICAL SKILLS

Languages:	Python, Java, C, PHP, SQL (MySQL)
Frameworks & Tools:	Django, Spring Boot, Hibernate, ASP.NET, TensorFlow, Pandas
Cloud & Infrastructure:	Amazon Web Services (AWS Architecture, Cloud Security, Messaging, Integration)
Specializations:	IoT Solutions, Generative AI & Agentic AI, Machine Learning Systems, EdTech Development
Academic & Admin:	Curriculum Design, LMS Administration (PULMS), Examination Management, Faculty Mentoring
Spoken Languages:	English (Professional), Hindi (Fluent), Gujarati (Native)

KEY PROJECTS & SOFTWARE SYSTEMS

Tell-It — Organizational Chat Platform

01/2024 – 04/2024

- Led a 3-member team to build a secure intra-organizational communication application utilizing the Django framework.

Temp-Tracker — IoT Building Telemetry System

08/2023 – 11/2023

- Engineered an IoT-enabled environmental monitoring system for real-time temperature/humidity data aggregation and analytics dashboarding.

Augmented Reality Business Card

10/2021 – 04/2022

- Solo-developed an AR computer vision application using Python, TensorFlow, and ArUco markers achieving >93% detection efficiency.

- Trained deep learning computer vision models with TensorFlow and Pandas, obtaining >90% accuracy for real-time public mask adherence monitoring.

CERTIFICATIONS & PROFESSIONAL TRAINING

- **AWS Academy Graduate:** AWS Academy Cloud Foundations (12/2024)
- **Cloud Architect Certification:** ExcelR Edtech & Faculty Development Program (11/2024 & 11/2025)
- **Cloud Computing (NPTEL/MOOC):** IIT Kanpur & Govt. of India (07/2025 – 12/2025)
- **Mastering Cloud Engineering with AWS & Python:** CodeSignal (07/2025 – 09/2025)
- **Gen AI & Agentic AI Certification:** ExcelR Edtech & MIT Academy of Engineering (06/2025)
- **NEP 2020 Orientation & Sensitization:** Malaviya Mission Teacher Training Center (MMTTC), UGC (02/2025)
- **Entrepreneurship Essentials (MOOC):** IIT Madras & Govt. of India (01/2024 – 04/2024)
- **AI-Powered Content Creation with ChatGPT:** Udemy (05/2025 – 06/2025)
- **Foundation of Web App Development using ASP.NET:** FDP, Parul University (04/2025)
- **Certified Institute ICT & DHOOM Coordinator:** Parul University (Institutional Badges)
